Improved Team Ready To Meet Roseville A. C.

Score Top Heavy, Hits Nearly Equal As Wolfs Win

The Truckee Mountaineers lost their second Placer-Nevada League game Saturday night to the Roseville Wolfs 10 to 3, but the improvement in the team since the first game at Folsom was encouraging and indicates that despite the lack of practice before the season opened, the locals are good first division prospects.

Manager Mike Korich will take his Mountaineers to Roseville again Saturday to face the Athletic Club with Ted LaTona, a Sacramento State College pitcher, on the mound. George Allison was released by the local team following last week's game and LaTona was signed. The latter has had a lot of experience with various clubs, is a right hander and during his last four games won them all with two shutouts, Korich said.

At the same time, Business Manager R. N. Little announced that Wes Moreland has been signed as a catcher and Ray Lujan was contracted as a new outside player. Stevens, Lujan and LaTona are now the three outside players permitted under the league rules.

The Truckee boys were a bit confused by the lights at Roseville but claim no alibi for losing. Allison pitched six innings and the score at that time was 8 to 1 in favor of the home team. Karl Kielhofer went on the mound and pitched a good game, holding the Wolfs to one hit and getting a good hit for himself.

Both Larry Baxter and Willie Curran collected two hits each for Truckee.

The score:	R	H	E
Truckee	3	8	1
Roseville WR	10	9	2

Batteries: Allison, Kielhofer and Korich; Rodrick and Stinson.

Practice is being held regularly here and at the same time Park Manager Tom Dolley is continuing work on the field, getting it excellent shape for the opener here May 15 with Placerville when a big barbecue will precede the game.

Bids will be opened at 2 p.m. May 19 and will involve some 115,000 cubic yards of excavation, 28 acres of clearing and 21,000 tons of hose course surfacing material.

This is a long postponed project which was about to be contracted when the war broke out. Completion of the project will remove a dangerous, winding section of a heavily travelled lakeshore highway.

FISHING POOR ON LAKES SUNDAY, COLD IS BLAMED

Fishing for the majority was very poor on the opening day Sunday at Donner and Boca.

A few hundred fishermen braved the chill wind which swept the lakes to try their luck but the fish refused the bait. A number of anglers had some returns at Boca where a few trout were landed on bait but at Donner, where a hundred boats were battling the waves, it was estimated that not more than a couple of dozen trout were caught.

Fishermen blamed the lack of luck at Donner on the fact that the ice remained until two weeks ago and the fish have not yet started to school and are still hibernating on the bottom. The few caught were rainbow and browns, the land-locked salmon, which gave sportsmen so much fun last year, still evading the lures.

Stream fishing will be opened in this district May 30. In the meantime, fishermen are warned to stay off streams and keep at least 300 feet from the mouths of streams on the lakes.

Architect Named To Draw Plans For New School

Cost of Administration May Hit $15,000 Annually

Gordon Stafford, Sacramento architect, was retained by the board of trustees of the Tahoe-Truckee Unified School District to draw up plans and present thm for a proposed new high school plant in this district. The appointment was made at a meeting of the board last Friday, W. A. Loynd, president, announced.

The meeting also approved the contract of Everett J. O'Rourke as superintendent of the district. It was previously announced the contract called for a salary of $7,500 annually for the four year term, but Loynd explained that this sum is subject to an annual increase which will bring it to a little more than $8,000 for the four years.

In summarizing the cost of employing a superintendent it was learned that a secretary would also be required, together with transportation costs and out-of-town expenses for the superintendent, which will make the total annual cost for the district administrator approximately $12,000 to $15,000, Loynd estimated.

O'Rourke will be here this week to interview teachers relative to contracts for the coming year and make plans to return to commence his work on May 15.

Tahoe Village Is Sold In Nevada for $350,000

RENO— Tahoe Village, the swank but bankrupt resort at the southeast end of Lake Tahoe, was sold last week to Walter Parman of Reno for approximately $350,000. The sale was made by Glen Myers, trustee in bankruptcy, following a hearing held in district court at Minden before Judge Clark J. Guild.

Parman is a well known Reno resident and for years has been associated with the Bank Club. It was emphasized, however, that the Bank Club itself is in no way connected with the transaction.

When voters of the Tahoe Forest Hospital District approved the formation of the district by a 10 to 1 vote a month ago, it was indicated they were anxious for a new hospital to serve this fast growing region. As a result of that vote, members of the board of trustees appointed Monday set right to work to meet that desire. Without hesitation, the board went to work on plans, methods of financing and other details so that the project can be approved by July 1 and thus be able to share in a state-federal appropriation for this purpose. Federal men are expected here next week to approve a location and an architect has been retained to submit plans so that by late summer the hospital will be well under way. Under plans being made by the board, the cost locally will be only one-third, a small amount when spread over a district assessed for $6,000,000 and there is little doubt that this expenditure will be approved and the long needed hospital will at last become a reality, serving a fast growing and progressive community.

While winter sports are over for this year in the region it is not too early to start planning for another year and with this in mind, we call your attention to the development being planned at Squaw Valley. Here a group of people plan a huge expenditure, bringing to the Truckee-Tahoe area a project not exceeded elsewhere. It will be well to learn more of the plans for Squaw Valley and support the project in any way possible.

Plan to attend the big beef steak barbecue at the ball park Sunday, May 15. Lots of fun for all with plenty to eat and a good game with Placerville that afternoon. Everyone invited. All proceeds go to your ball club and for park improvements.

Hodson Elected To Head Local Sportmen Group

Turn Thumbs Down On Fly Cast Proposal After Debate

H. H. Hodson was elected as president of the Truckee Outdoor Sportsmen at a meeting attended by 60 local members at Capitol Hall last Friday evening. He succeeds Al G. Bradshaw, who for three years successfully headed the organization and who was elected to the board of directors.

During the meeting local sportsmen turned thumbs down on a proposal to set aside a portion of the Truckee River for exclusive fly fishing. The subject was warmly discussed pro and con but the vote resulted in only three continuing to favor the plan.

Letters were read from a number who were unable to attend and all of them expressed a wish that the club would not take action in closing part of the river to bait fishermen. Among these letters was one from Bradshaw who said that the opinion he had obtained from other clubs and sportsmen was in opposition to closures of any nature.

Among those who voiced approval of the plan were F. F. Kearney and C. Edmunds. Opposing speakers included Oscar Schumacher, Slim Ellert, Clarence Osburn, George Kamp, Frank Kinne, Johnny Ciardella and others.

Clarence Osburn was elected vice president of the club replacing Hodson and Robert Seibold was retained as secretary. New directors are C. W. Vernon and Jerry Perkins of Tahoe, Mrs. Jean Leavitt and Charles Osburn of Truckee and Bradshaw. Holdover directors are Ted Johnson, Mrs. Olive Luck and Johnny Ciardella.

Ray also entered the state senior trap shoot and, given a handicap of 19 yards, missed second place by one shot. He scored 94 and the winning mark was 95. There was a three-way shoot off and Ray missed his last shot which would have given him second place.

Board To Speed Hospital Plans; Seek Outside Aid

Only One Third of Cost On District Rolls Under Plan

That the Tahoe Forest Hospital will be under construction late this summer loomed as a distinct possibility following a meeting of the newly-appointed board of directors here Tuesday night.

The board, appointed by the board of supervisors Monday, consists of Ray Scott and Charles Heller of Truckee, Ted D. Barrett of Kings Beach, F. B. Sederberg of Tahoe City and James Sherritt, Donner Summit. The meeting Tuesday night was called for the purpose of discussing details and George Sellon, Sacramento architect, was invited to meet with the members to explain technical points in the program .

Sellon has had years of experience in planning public buildings and the board retained him to draw up tentative plans and handle details of the structure. A site, donated by Richard Joseph between Truckee and the Gateway Park subdivision, embracing an entire lot, was approved by the board because of its accessibility and the fact that it is presently served with utilities and offers an ideal central location.

Cost to be Shared

Under present plans the cost of erecting the hospital will be shared jointly by the district, federal and state governments, each providing one-third of the cost. Sellon is contacting state and federal authorities this week in an effort to have them approve the site and tentative plans so that the local board can take necessary steps to proceed with the work. While it was not definitely decided, members of the board discussed a 12 to 15 room structure which must meet the requirements of the state and federal agencies.

Just as soon as building details are drawn and approved, the local board plans to present a bond issue to the public, although this step need not be taken before assurance is given that the other two agencies will provide their two-thirds. In discussing costs, no definite figure was reached, although it was believed the structure will cost in the neighborhood of $200,000. This would require a bond issue of approximately $75,000. This sum, spread over the entire district, the assessed valuation of which is upwards of $6,000,000, would not be a noticeable expense and the board is confident that because of the overwhelming vote for the district, that it would be approved without difficulty.

Speed Needed

In order to get the project started this year, it is necessary to have plans approved by July 1 and for this reason the board is holding weekly sessions for the time being to fully acquaint themselves with the task ahead.

Charles Heller was named temporary chairman of the hospital board with Barrett named as secretary. R. N. Little and Supervisor H. G. Loehr, who have headed the planning committee, attended the meeting Tuesday to explain the work done over the past few years which resulted in the district's formation.

Ladies night of the recently organized Masonic group, the Low XII Club, will go down on record as supplying the most hilarious laughter heard in these parts. The occasion was a dinner held at the Gables last Thursday evening, April 28. A skit representing a radio show was thrown on to the make-believe air waves of station KUKU. The men asked for all they received when, without consulting their wives, they announced at the last meeting that the ladies would be expected to furnish all entertainment for the dinner. Accordingly, revenge was the order of the day. The men were goats in the "If you tell a lie you'll pay the consequences" contest. Odd as it may seem, no correct answers were given so none escaped punishment. The men found themselves forced into girdle races, antiquated swim suits of 35 years thence, a few were required to don costumes and perform as hula dancers. Prizes were all wrapped and ready and presented to each contestant.

Lela Reiners, nattily dressed in one of Chet Langenstein's suits, flashy socks and tie and topped with a straw "Katie", wearing a mutsache and goatee trimmed for the occasion was master of ceremonies. Madame Lulu of station KUKU was played by Mildred Burch, whose short dress revealed a pair of passionate pink garters brought back from Hollywood especially for Kings Beach fashion enthusiasts. A glee club consisting of Nell Barkhurst, Wilma Lucas and Grace Bowman, with Madame Lulu at the piano, gave a beautifully rendered interpretation of Uncle Sud in typical Hill billy costumes. As orchestration, Grace Bowman played the harmonica, Wilma Luca a six-inch saxaphone which brought peals of laughter as it was taken from a three-foot case. Nell Barkhurst sang the lyrics. Poor Nell laid aside the washboard she was supposed to play and with about eight hours of practice crowded into 30 minutes, nobly carried on when word was received soloist Bertha Ballard could not appear. Later, in different costumes equally well done, a version of Frankie and Johnny went over with a bang. As the radio show progressed, each man present in buisness heard himself used as sponsor with advetrising unequalled for quality anywhere. The entertainment lasted an hour and a half and everyone attending (34 in all) returned home with stiff jaws and sore sides from so much laughter.

Date of the picnic is set for May 29 and will be held at the waterfront in Kings Beach.

Fire destroyed the summer home of R. A. Stewart on the Brockway Golf Course last Sunday afternoon. Origin of the blaze is believed to have been from a cigarette. The Stewarts were not present when the blaze started but had been up a few hours previous. Neighbors noticed smoke coming from the house and broke windows in order to get at the blaze. The interior of the house and most of the furnishings was a total loss. The home was one of the nicest on the golf course and enjoyed by the Stewarts and their guests for the greater part of the season.

Saturday, May 7, has been set as clean-up day in Kings Beach. Volunteer trucks will cover all of Fox Street, Loch Leven, Bear Street, the Highway from the foot of Brockway Hill to Griff Creek and up the Short Cut Road by the golf course and anyone with rubbish and cans along this way may be sure of their removal. The clean-up is being sponsored by the Women's Club in an effort to rid our town of unsightly rubbish. Lunch will be served at the school by the women to the men aiding in this work. Free dumping is being permitted for the cause by Noel Hulbert, owner of the local dump.

Refreshments of hot dogs, potato salad and coffee were enjoyed by all present. Music was furnished by the Mizner-Shook orchestra. This was the last time for the community to enjoy their dance arrangements until after the summer season, as both Ruth and Leon will be too busy with seasonl work for any outside activity.

Mrs. George Williams has been at the Tahoe Vista Hotel during the past week taking care of the removal of personal items from the building which has been purchased by Dr. John Keys. Wray and new baby daughter, born at 11:45 Friday night, April 29. The baby weighed 6 pounds and 15 ounces. The Wrays reside near Tahoe City.

Third Birthday Party For Sandra Snyder

TAHOE— Mrs. Don Snyder of Lake Forest on April 21 held a party honoring the third birthday of their daughter, Sandra Lynn. The little guests gathered around the big table, decorated in the Easter motif. A big Easter basket served as centerpiece and colored paper streamers were attached to each place at the table. Place cards were Easter eggs with the children's names on them and each had a cupcake with a candle on it. A three-tier birthday cake, decorated with bunnies, eggs and candles, was served with ice cream. Attending were Jimmie Huega, Danelle Pomin, Karen Henry, Binth Rustad, Penny and Pam Clark, Stephanie Snyder and Sandra Fellows. Accompanying their children were Mesdames Margie Fellows, Doris Clarke, Vi Pomin, Jean Henry and Marion Rustad. Mrs. A. A. Snyder and Mrs. Herb Mattheus also dropped in to watch the festivities.

Luck Spotty at Lake On Opening Day

TAHOE— The fishing season at Lake Tahoe on opening day found hundreds of cars along the shore but could scarcely be called highly successful. A stiff wind blew and although the lake was quite rough many sportsmen went out anyway.

Carl Bechdolt Jr. brought in the largest fish in this area, a 14 pound mackinaw. Most other catches ran from one to four pounds. Most of the fish brought back were caught in 50 or 60 feet of water not far from shore, according to Dick Shelley of the Sportman's Port.

Waldo Gross, Lake Forest fishing guide, and Tom Beale of Quincy were back in record time with limits taken in the Sunnyside District. Al Hnery Jr. of Tahoe City got a six pound mackinaw and Oliver Henrikson brought in a 3½ pounder.

A number of local residents without boats are having some luck from the pier of the government campground at Tahoe Park. Among those who have taken trout during the first of the season are Barry Franco, 8½, who caught his first trout, George Mitchell of Sutter, guest at the Imon Mitchell home, John Neronde of Sacramento, Captain J. Kvistberg of Tahoe and Bud Johnson of Tahoe Park.

Allan Pollitt, assistant supervisor of fish hatcheries, Tahoe District 3, declares opening day on Boca and Donner was not too good. Windy weather interfered there toto.

A trip was made on snowshoes April 12 by Pollitt and his crew to Heenan Lake in Alpine County and later on April 27 by car a return trip was made. An egg collection station has been opened there for native cutthroat trout eggs which will be brought to Tahoe Hatchery, raised and stocked in suitable lakes in Alpine County.

Water Still Being Held Behind Tahoe Dam

TAHOE— The lake level on Monday was 6224.80 with no water leaving the dam here. Precipitation from light showers during the week was .02 of an inch and snow on the ground has dwindled to traces. Coldest day of the week was the 25th with 27 degrees and warmest were the the 26th and 27th with 60.

Tahoe Lake School News Notes

The Tahoe Lake School bus on Wednesday, May 4, wa scheduled to take students of the Tahoe high school to Reno for the showing of "Hamlet".

Mrs. Myrtle Gallinger, principal of Tahoe Lake School, reports that last week seven books were received from Mrs. Etta Pomin who established the school library some years ago in memory of Will Pomin, Tahoe pioneer. The books included the collected verse of Rudyard Kipling and Empire Builders by Robert Case. The school also received a fine lot of late geographic and science magazines from the Stan Martins.

Recent signatures on the Tahoe Lake School register include Marie Henry, C. S. Martin, Northrup Pomin, Raymond Fellows, Mary A. Eagan (health supervisor of county schools), Louis Cavitt (county schools' guidance director), Muriel Connor, music supervisor of county schools), and Don Enfield.

Other contributors were Ronnie Sanford, Stan Martin Jr., Jay Stuart, Clayton Frey, Carol Wilson, Jerry Quam, Bob Sanford, Don Stark, Rosetta Bosen, Dolores Danley, Doreen Quam, Duane Pomin and Robert Sach. The Tahoe Chatter will appear weekly throughout the present semester.

Utility Board Retained During Light Vote

TAHOE— All three incumbents, C. W. Vernon, N. R. Mayfield and E. H. Pomin, received unanimous votes in the election for directors of the Tahoe City Public Utility District Tuesday. Only 13 persons turned out to vote in one of the quietest elections here in some time.

On the election board were Gladys Quam, Lenora Bartell and Florence Vernon.

Boy's Hands Injured Playing With Cap

TAHOE— Tragedy was narrowly averted on April 29 when 12-year-old Bobbie Sanford, son of Mr. and Mrs. A. F. Sanford of Tahoma and 10-year-old Gaylord Summers, son of Mr. and Mrs. W. S. Summers, appropriated four caps, a stick of dynamite and some fuses. The Summers lad lit a match under a cap as he held it in his left hand. The explosion that followed almost tore the hand apart and the right hand was filled with splinters.

The boy's father, who is employed as a carpenter on the new Tahoma store, rushed the boy to the office of Dr. L. D. Nelson in Truckee who gave treatment and ordered him taken to a hospital in Reno where he was a patient for three days. The doctor now believes that, despite the painful injury, the boy will eventually regain use of his hands.

The Waters plan to have their new store open for business within a short time.

This is National Restaurant Week. This area has several fine ones where service is friendly and the food is really superb. Make it a point to visit at least one with your family. Come to think of it, why not give Mother a break on her day, come Sunday, and observe both Mother's Day and Restaurant Week in one fell swoop.

FLORISTON

by C. A. FELESINA

FLORISTON— Floriston has been having a real old-fashioned clean-up week. Everyone has been out raking and disposing of rubbish and in short giving us a new look. Last year nearly everyone was too busy making the houses livable to be able to do much more than the most necessary work on the outside but this year they are really going to town on the outside with cleanup and new paint.

Mrs. Beulah Murray, teacher at Wadsworth, Nev., was in town over the weekend. She spent last summer at the Felesina home and expects to come back for a time this year after school lets out and until the weather warms up at Lake Tahoe.

Visitors at the R. L. Whittenberg home over the weekend were Mrs. S. B. Smith, Mr. and Mrs. E. E. Smith and Robert Winter all of Sacramento.

Little Clark (Butch) Kafton is spending this week in Lovelock, Nev., with his father who is on the job there.

Zorich Tops Other Pro Skiers at Strawberry

SODA SPRINGS— George (Bud) Zorich, Sod Springs ski instructor, led 47 other professional skiers in a giant slalom and downhill event at Strawberry Ski Hut recently to win the Corty Hill Trophy. Zorich's time was 58 seconds on each run. The courses were laid out by Hannes Schroll and Courtland T. Hill.

The event was a highlight of a five-day convention which opened April 25 for the Far Western Ski Instructors Association during which 75 certified instructors, candidates and guests assembled to discuss teaching techniques and other matters of interest. Every winter sports area in California was represented.

Assembly Bill Would Add Rank to Patrol

SACRAMENTO —(W. N. S.)— The state assembly has approved legislation setting up the rank of lieutenant in the state highway patrol. At present there are only two officers ranks, sergeant and captain.

The measure was sponsored by Santa Barbara Assemblyman Stanley Tomlison at the request of Highway Patrol Commissioner Clifford Peterson. Both Tomlison and Peterson contend the law would do away with inequalities existing in the patrol. Under the present system, captains command all districts regardless of the number of men under their command.

Governor Signs Bill On Utility Exclusions

Governor Warren last week signed a bill setting up procedure to exclude taxable property from a public utility district. Under the measure, AB 1253 by Assemblyman John W. Evans of Los Angeles, property owners can ask the board of supervisors to leave their property out of the public utility district. The board can then exclude it if it would not benefit from being in the district.

County Share of Relief Costs Were Nominal

Nevada County's $495,621 budget for payment of aged and blind aid for the 1948-49 fiscal year included $39,339 from county tax sources, $231,427 from federal contributions and $224,855 from state payments, California Taxpayers' Association reports, pointing to the relatively small portion of the cost that fell on local property for aid to the aged and blind prior to the adoption of the new state pension plan. This new plan transferred the county share of the cost of these two aids to the state.

Of the $495,621 in aid for the aged and blind in the county, $472,113 was for aid to aged and $23,508 for aid to the blind.

Cites and County Share Liquor Fee Rebate

Liquor license fee revenues, representing earnings of the half-year from July 1 to December 31 last year are soon to be distributed between the cities and the counties of the state. This is the 26th such allocation.

Of the current allocation of $2,353,170 Nevada County will have returned for its unincorporated area $4,947.50, and to the cities, Grass Valley $2,457.50 and Nevada City $2,285.

In making this announcement, Jerrold L. Seawell, member of the board of equalization from the third district, explained that these sums are 100 per cent of the license fees earned for that six months period.

Seawell further explained this money is made available to the local governments for liquor law enforcement and regulation so that local control may be exercised to the fullest extent that local communities desire local control and enforcement.

The ceremony was described as very beautiful, the bride having five bridesmaids, a matron of honor and a flower girl, with six ushers seating the 300 guests in Elk Grove Community Church on Sunday afternoon. Mrs. Tollefson says Terry must lie flat on his back while his broken leg knits but he seems cheerful and is fortunate to have an excellent doctor who is a noted bone specialist and a good nurse. His leg has been removed from the cast and is now in traction. His surroundings are most pleasant and he is reconciled to the doctor's advice that he is not to be moved for some time.

Tahoe Gun Club Seeks New Shooting Site

TAHOE— Members of the Lake Tahoe Gun Club have been practicing their trap shooting on the shore at Kings Beach but now that summer residents are moving back to the lake, this is impractical and habardous, reports Andy Sorenson of Tahoe Vista, so forest service officers will soon select a more suitable site for practice shooting and the marksmen will gather regularly.

The club has purchased emblems for members to wear on their shooting jackets, an outline of the Nevada-California border running across a bright blue field with an attractive border. New members are welcome.

Body temperature reaches its lowest point early in the morning.

NO WATER FROM TAHOE IN MONTH, LEVEL RISE LIGHT

RENO— A water storage survey completed May 1 shows the level of Lake Tahoe only about four inches higher than it was 30 days before.

Gates from Lake Tahoe into the Truckee River were closed April 7 and water from melting snow has been impounded since.

The spring runoff is more than half completed and the four inch increase is far below normal. The four inch rise in the lake level means the amount of stored water has increased about 40,000 acre feet since the last day of March. If the lake level does not reach the allowable maximum it will mean a shortage of water for irrigation in Nevada this summer.

Colfax to Dedicate Memorial Park Sunday

COLFAX— The new Colfax Area Living War Memorial Park dedicated to the memory of the servicemen of the vicinity who lost their lives in World War II, will be opened Sunday afternoon with special dedication ceremonies.

Among those who will take part are Sterling S. Williams, state director of recreation, and Frank Booth of Marysville, a member of the state recreation commission. Ralph Mitchell of Colfax, chairman of the program, will be the master of ceremonies and Mayor William Schultz of Colfax will make the welcoming address. Featuring the event will be a free barbecue, a concert by the Placer Union High School band and flag raising ceremonies.

Following the program, the first baseball game to be played at the new park will take place between the Colfax Legion Fireballs and the Placerville Bartletts, both of the Placer-Nevada League. The barbecue will be held following the game.

The new park was constructed on city property by public donations of cash, material, equipment and labor. In order to construct the baseball diamond it was necessary to cut down part of a hill and fill up a ravine. Beside the baseball park, a children's playground will be erected on the property.

Catches Fish—

Mary Zunino caught three mackinaw trout in Lake Tahoe on opening day, Sunday, May 1.

M-Day For Operation Small Fry

Children will delight in helping to prepare and package these wonderful little coconut apricot balls, to surprise Mother on Mother's Day. Of course, Mother may have to be in on the secret if the tots are as young as those in our picture—but they won't mind, so long as she acts surprised when she opens the box on Mother's Day.

This candy is so simple to make—it requires no cooking, you see—that after the preliminaries involving the food chopper, small fry will be able to take over operations quite readily, with a little direction. And it can be great fun shaping the little balls, rolling them in coconut, and packing them into a gift box. If, during the process, considerable "tasting" is required to make sure the candy is just right for Mother, you can be sure that these fruity little coconut balls are a healthful, and wholesome sweet for youngsters.

COCONUT APRICOT BALLS

24 dried apricots
1 can moist shredded coconut
2 teaspoons orange juice
2 tablespoons confectioners' sugar

Wash apricots and dry thoroughly. Put apricots and coconut through food chopper. Add orange juice and sugar and mix until blended. Shape into balls about ¾ inch in diameter. Roll in shredded coconut. Makes 2 dozen balls.

SWERVING INSTINCTIVELY AT SOROS' WARNING CRY, TARZAN HURLED THE ENRAGED PRIME MINISTER INTO SOROS' ARMS.

BECAUSE OF THOSE HE HAS CONDEMNED TO THE ARENA AND THE STRIPED DEATH," SAID AN ANGRY CIVILIAN, "LET RUTAHL SUFFER A LIKE FATE!"

RUTAHL'S FEARFUL GLANCES ENCOUNTERED ONLY COLD CONTEMPT IN THE GRIM FACES OF MEN WHO ONCE HAD FEARED HIS RUTHLESS CRUELTY.

NEXT DAY, PRINCESS THENA, BELOVED BY ALL, WAS JOYOUSLY PROCLAIMED QUEEN OF LAHT--HARBINGER OF PEACE TO A LAND TORN BY ENMITY AND STRIFE.

AND SO, WITH PEACE ESTABLISHED, THE DAY CAME WHEN RELUCTANT FAREWELLS MUST BE EXCHANGED.

AND THE SUBMARINE, ITS LITTLE COMPLEMENT INCREASED BY CALVERT, LATELY CHIEF SCIENTIST OF LAHT, DREW SLOWLY AWAY FROM HER BERTH, AND FROM THE LAND OF MUA-AO.
